Professional Summary

Computer Science student with 2+ years of hands-on experience building mobile applications and web solutions. Led development teams and delivered applications with high computational accuracy. Experience in Machine Learning, full-stack web technologies, and UI/UX design principles.

Technical Skills

Programming Languages: Python, C++, Dart, Typescript, JavaScript, SQL
Mobile Development: Flutter, Firebase, Material Design
Web Technologies: HTML, CSS, Tailwind, Responsive Design, Progressive Web Apps, Figma
Development Tools: Git, GitHub, Android Studio, VS Code, Postman

Projects

TaskIN - Mobile Application [GitHub]
- Developed a mobile application enabling users to request services like carpentry, electrical work, and emergency medical assistance, connecting them with nearby professionals
- Implemented real-time request handling, notifications, and user verification using Supabase
- Integrated Google Maps API for accurate tracking and optimized provider navigation
- Developed with Flutter, Node.js, PostgreSQL, and Razorpay to enable secure and scalable support

Find Rider Partner – Full-Stack Web Application [Web Link]
- Built a full-stack web application to match users based on route, time, budget, and gender preferences
- Designed a responsive UI with shadcn/ui, React Hook Form, and Context API for state management
- Integrated Prisma ORM with PostgreSQL to handle efficient and reliable data operations
- Planned future enhancements like secure in-app chat and advanced matching logic for user safety

NoteNest – Full-Stack Web Application [GitHub]
- Developed a responsive web platform for efficient note-taking and task management to enhance productivity
- Added rich text editing, categorization, and priority-based scheduling for task management
- Enabled real-time collaborative note sharing with live sync to improve team coordination
- Built with React.js, Node.js, MongoDB, and Firebase Auth for secure cloud-based sync

Education

VIT University, Bhopal	July 2022 – June 2026
Bachelor of Technology in Computer Science and Engineering	**CGPA: 7.91/10.0**

Experience

Sciaku Pvt Ltd (Full Stack Developer) — Dec 2024 – Feb 2025
- Built front-end components, wrote SQL queries, and supported smooth integration of the dashboard system
- Collaborated in an agile team, contributing to sprint planning and reviews while strengthening teamwork and delivery skills

Positions of Responsibility

Technical Team Member -IOS CLUB
- Successfully Managed Game Flix 2.0- Treasure Hunt in ADVITYA 2024 of VIT Bhopal University
- Maintained Club's Website

Event Manager -VITronix
- Lead and coordinated events with over 200 participants, ensuring smooth operations and engagement.
- Successfully organized three major events, demonstrating teamwork and strategic planning skills.

Languages and Interests

Languages: English (Fluent), Hindi (Native)
Interests: Cricket strategy analysis, English and Hindi literature, contributing to open-source communities, and exploring emerging technologies in AI/ML space.
