Professional Summary

Analytical and results-driven final-year Computer Science and Engineering student with a strong foundation in data-driven decision-making and project execution. Proven ability to translate complex data into actionable insights, optimize processes, and lead cross-functional initiatives. Seeking to leverage problem-solving skills, agile teamwork, and event management experience in a dynamic business, management, or operations role.

Technical Skills

Programming & Data: Python, SQL, C++ (OOP), NumPy, Pandas

Data Analysis & Tools: Exploratory Data Analysis (EDA), Matplotlib, Seaborn, Jupyter Notebook, Git, GitHub

Business & Strategy: Data-Driven Decision Making, Process Optimization, Strategic Planning, KPI Tracking

Project & Event Management: Agile Methodologies, Cross-Functional Collaboration, Team Leadership, Event Coordination

Education

VIT University, Bhopal

Sep 2022 – May 2026

Bachelor of Technology in Computer Science and Engineering

CGPA: 7.94/10.0

Projects

FlanQuery – AI Document Insight System [\[GitHub\]](#)

- Developed a document analysis system to retrieve relevant information from large document sets.
- Processed 50+ documents to improve accessibility and knowledge retrieval efficiency.
- Reduced response latency to under 500 ms, improving user interaction and system responsiveness.
- Built a conversational interface capable of handling 100+ queries per session.

RealtyPrice Analysis – Real Estate Market Insights [\[Web Link\]](#)

- Analyzed 5,000+ real estate records to identify factors influencing property prices.
- Built predictive models to estimate housing prices with strong accuracy.
- Conducted feature analysis to identify key drivers affecting property valuation.
- Generated insights useful for pricing strategies and market understanding.

CricAnalysis – Sports Performance Analytics [\[GitHub\]](#)

- Analyzed 500+ match records to evaluate player performance trends.
- Calculated key performance indicators such as strike rate, consistency, and economy.
- Automated statistical analysis and visualizations to simplify performance evaluation.
- Produced insights on player consistency across matches and conditions.

Languages and Interests

Languages: English (Fluent), Hindi (Native)

Interests: Cricket strategy analysis, English and Hindi literature, contributing to open-source communities, and exploring emerging technologies in AI/ML space.

Experience

Sciaku Pvt Ltd (Intern)

Sep 2025 – Nov 2025

- Collaborated within an agile team of 8–10 members to deliver some projects serving 10,000+ users, meeting strict deadlines while enhancing features to achieve a 20% improvement in system performance.

Positions of Responsibility

Technical Team Member -IOS CLUB

- Successfully Managed Game Flix 2.0- Treasure Hunt in ADVITYA 2024 of VIT Bhopal University
- Maintained Club's Website
